Evolution

café culture

High quality drinks for office and workplace

The **Evolution** range provides a truly versatile drinks vending solution for all environments where a high quality beverage needs to be served quickly and efficiently. The machines offer a full range of instant, freshbrew and bean to cup drinks, an extensive selection of still and carbonated cold drinks and now you can “enjoy more” with the new 12oz model* which brings the coffee shop experience to your business or workplace.

Evolution machines are also environmentally friendly! The latest **power save** software reduces energy consumption whilst keeping the machine “vend ready”. A bean to cup Evolution in energy save mode now uses 37.9% less energy per hour than when in idle mode while Instant and Freshbrew models use 27.7% less energy per hour!

* The 12oz “enjoy more” Evolution is a standard machine available in silver only, fitted with a different cup drop unit and cup turret that dispenses 12oz paper cups. Machines can also be specified with an optional sip lid dispenser to complete the “coffee-to-go” experience.

A great cup of coffee served in a 12oz cup, a delicious freshly brewed leaf tea or a large, frothy cappuccino. All of these quality beverages plus a wide range of speciality selections are available from the Evolution, Crane Merchandising Systems’ market leading freestanding drinks solution. Today, more than ever consumers demand more: more taste, more aroma, more choice and more value. Evolution delivers the perfect beverage...every time!

Bringing the high street Coffee Shop to your workplace!

Evolution bean to cup machines feature the compact CoEx® brewer which allows both full flavoured bean to cup selections as well as freshbrew coffee to be produced from a single unit.

Now you can bring the coffee shop experience to your office or workplace! Savour the aroma and full flavour of coffee brewed from the bean, enjoy a long smooth freshly brewed filter coffee, or choose one of the many speciality selections all served to perfection.

- Produces low pressure freshbrew coffee and high pressure bean to cup selections from single, compact CoEx® unit
- Versatile CoEx® unit also allows bean to cup coffee selections to be brewed under low pressure
- Paper cups for that authentic coffee house experience.
- 12oz model increases the experience with more aroma, more taste and more enjoyment
- Simple lever operated locking device facilitates removal of CoEx® brewer. Unit can be quickly and easily cleaned in hot water
- Optional freshbrew paperless tea pot brewer. Great tasting tea from a simple, reliable and easy to maintain unit

Why choose Evolution?

Choice of Keypad

- Build-a-drink (left) or numeric keypad to suit all environments
- Selections and pricing clearly displayed
- Large LCD display provides clear and concise information

Motorised Dispense Head

- Provides 3 dispense positions for hot drinks, cold drinks and hot water
- Prevents cross contamination between vends

SureVend™

- Guarantees product delivery only when sensors detect cup
- Customer offered a refund after three unsuccessful vend attempts
- System ensures customer satisfaction

Flexible Cup Drop Unit

- Large cup capacity (approx 600, 70z cups)
- Dispense either paper or plastic cups from 70z to 90z sizes
- 12oz model capacity (approx 400, 280ml cups)

“...savour the full flavour of coffee brewed from fresh beans, a smooth freshbrew coffee suitable for all day drinking or maybe a refreshing, freshly brewed leaf tea...”

Enjoy a delicious freshly brewed tea or coffee beverage!

Single freshbrew Evolution machines incorporate a paper brewer producing high quality freshbrew drinks from either pre-ground coffee or leaf tea.

The double freshbrew model features a compact, paperless double brewer capable of delivering both freshbrew tea and coffee selections through the same unit.
