GREENER BY NATURE

 **NECTA**

GREENER BY NATURE

The Snakky Max Green from Necta allows a refreshment service to be offered to smaller offices, or sites where space is limited, and is designed to sit alongside the Astro hot drink machine to offer a full refreshment solution. The compact footprint ensures smooth delivery into the tightest spaces.

Compact yet offering a fantastic selection of snacks, confectionery, cans and bottles - up to a capacity of 300 items. Alternatively, snack only and can and bottle models are available.

Snakky Max Green can act as a host or slave. The Astro and Kikko Max hot drinks machines complement the Snakky Max and can act as a host or slave - offering a

To ensure client satisfaction, the Snakky Max Green has a sensor in the delivery area which detects if a product has actually been vended. If the item is not dispensed, the machine instructs the spiral to turn again until it is released or it will refund money. The ergonomic patented delivery bin opens outward to ensure vended products are easy to pick up - even with one hand.

As you would expect from Necta, the Snakky Max Green is an operator's dream as replenishing stocks couldn't be simpler, with pull out trays which tilt to allow easy access. The large double glazed window and black interior allow products to be displayed to optimum effect.

features:

Complete refreshment service offering a choice of snacks, confectionery, cans and bottles.

Compact footprint to allow access via narrow doorways.

Large glass door for optimal visibility of products.

Extremely compact yet offering a fantastic selection of 30 products.

Flexible layout with option for snacks and confectionery only or can & bottles.

Vend detector system ensures trouble free dispensing.

Designed to be banked alongside the Astro, Kikko Max drinks or Snakky Max Green snack machine to offer a full refreshment service.

Virtual and combined selections - perfect for promotional offers and multi vend discounts.

Slide in/out compartment for housing up to 3 payment systems - note loader, coin mechanism and cashless system.

compact full refreshment solution.

A host can manage up to two slave machines and share one payment system. Additional features such as virtual and combined selections make it simple to set up promotional offers and multivend discounts.
