

All-rounder

Its features at a glance

High capacity & wide variety of products

Suitable for the sale of bottles, cans, cartons and snacks, including glass bottles up to 2,000 grams and products from 25 grams.

Compact design

The upper two shelves are filled with spirals for the dispense of bars or small bagged items - tiltable for easy filling.

Product delivery experience

The innovative lift system with a large advertising surface and a programmable promotion run conveys the product to the issuing point practically vibration-free.

Goods containers

Tiltable goods containers of varying sizes for easy filling. Changes to the product range are possible without any need for re-structuring.

Refrigeration

Compact rack cooling and temperature monitoring throughout the interior. Two temperature zones in the standard version.

Simple commissioning

Delivery and setting up by means of a lift truck without the need for a pallet, allowing the machine to be set up by the delivery staff.

Individually successful

Housing colour, glass front film design and shopping basket: Individuality is your competitive advantage.

Ecologically thought out

Energy efficiency A++, LED illumination of the chamber and insulating glazing.

High Security

Both variants (99 and 75) are available with High Security configuration.

Combimat Series

Technical data

Overview of the available units:

	EC	High Security
Combimat 99	X	X
Combimat 75	X	X

Combimat 75:

	EC	High Security
Dimensions (hxwxd) in mm	1,830 (1,915*) x 750 x 880	1,830 (1,915*) x 750 x 911
Weight (unfilled)	approx. 380 kg	approx. 410 kg
Electrical data	230 V 50Hz 10A	230 V 50Hz 10A
Power consumption	290 W	290 W

Combimat 99:

	EC	High Security
Dimensions (hxwxd) in mm	1,830 (1,915*) x 990 x 880	1,830 (1,915*) x 990 x 911
Weight (unfilled)	approx. 425 kg	approx. 450 kg
Electrical data	230 V 50Hz 10A	230 V 50Hz 10A
Power consumption	480 W	480 W
