

FEATURES & BENEFITS

First-In-First-Out (FIFO) Loading :

Allows you to load new product behind existing product to ensure proper rotation and delivery of cold product to customer.

Delivery System : Retrieves vended package and places it within a secure delivery port with little or no agitation.

- Total product control throughout vend cycle
- Prevents product from tipping before and after vend
- Housed in the door - no wires, switches, solenoids, or motors in cabinet

ENERGY STAR Tier II Qualified (indoor model only)

Shelf Configurations (5-7) : Maximize pack-out and vending revenues through space to sales.

Flexibility : Shimless vending of bottles and cans provides optimal product mix and vending profits.

Security : Standard security features provide strong deterrent to vandalism.

- Metal hopper
- Anti-theft device
- Vend protect programming
- More security features available on Outdoor Model

OPTIONS

External Hinges : Allow machine to be banked 2" apart (optional).

LED Lighting : Provides higher efficiency, brighter illumination, and lower life costs (optional).

Optional Graphics:

Optional Colors:
